Snow Removal Information

The Town of Brookeville contracts with a snow plowing service for North, South, Water Streets, the paved section of Church Street, and the eastern portion of Market Street.

The Maryland State Highway Administration plows High Street and the western section of Market Street (MD Route 97).

During a snowstorm, no plowing begins until an accumulation of 4 inches of snow has fallen on the streets. The goal is to make residential streets passable, not necessarily to clear them to the bare surface. To accomplish this goal, please move your parked cars into your driveway or off the road. Crews can do a much better job clearing your street of snow without maneuvering around parked vehicles.

Residents and businesses are responsible for clearing their sidewalks, driveways, and entrances within 24 hours of the end of a snowstorm.

All residents are strongly encouraged to be good neighbors by clearing the sidewalks in front of their homes, as well as assisting those who may not be physically able to do so.
